

“I wanted to thank you and your team for the outstanding support during our HRSA audit. We very much appreciated your on-site presence and active support both before and during the audit.”

Are You Audit Ready? Talyst is proud of our 100% 340B Audit Success Rate!

What do all Talyst AutoSplit® Fully Managed customers have in common that have experienced a HRSA audit? With Talyst’s assistance, a perfect audit record!

Audits can be stressful. With our fingers on the pulse of regulatory changes you can rely on Talyst to help your health system stay compliant with federal regulations while ensuring a successful audit experience. Talyst experts provide a multidisciplinary approach to ensure audit compliance including program set-up, administration, and legal and government affairs. Our experienced consultants are available to be on-site to partner with you throughout your audit process.

Talyst is committed to improving healthcare with innovative medication management systems, software, and services to help caregivers serve patients.
