YOUR PHARMACY POS SOLUTION

INDUSTRY LEADING POINT OF SALE SYSTEM FOR OVER 25 YEARS

"To find success in today's pharmacy industry, you must be on the cutting edge of technology. There are many state and federal guidelines that must be adhered to and having the latest software is key. This is why we chose CAM's POS system, integrated with our pharmacy management system. As our industry changes and requirements are made, CAM makes the necessary adjustments to save us time and money."

Terry Bottorff, Owner
The Druggist Pharmacy

CAM's point of sale software provides a simple, affordable and powerful solution that automates your pharmacy operations. CAMPOS integrates with most pharmacy systems while providing you with state of the art technology and world class support. Our software is IIAS Compliant and PCI DSS Compliant so you don't have to worry about the complexities of accepting FSA cards or credit cards. CAM helps to make sure you keep your customers coming back to you.

With our CAMPOS, you can:

- ✓ Streamline retail and pharmacy processes
- ✓ Maintain inventory easily
- ✓ Setup frequent buyer and gift card programs
- ✓ Deliver personalized service to your customers
- ✓ Analyze data efficiently with CAM's reporting options
- ✓ Easily manage POS functions, purchasing, and employee management
