Improve your pharmacy's profitability and efficiency

More than 55,000 retail pharmacies rely on our pharmacy-focused services every day.

With over 20 years of healthcare transaction experience, Emdeon Pharmacy Services simplifies the prescription process and increases efficiency, accuracy and profitability for customers that range from national chains and community pharmacies to payers and prescription benefit managers.

In addition, Emdeon offers superior customer support from personnel who are experts in the pharmacy industry. Such experience enables us to work as consultants, leveraging our expansive service offerings to meet evolving business needs and opportunities.
