

Automated Dispensing  
Solutions Made  
Simply

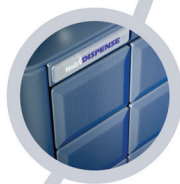

AFFORDABLE

Metro's *medDISPENSE* Series:  
FLEXIBLE, SCALABLE AUTOMATED  
DISPENSING SYSTEMS

**M**edDISPENSE Series solutions are designed to fit the needs of facilities that want the safety and availability of an automated medication dispensing solution without unnecessary bells and whistles that increase cost and complexity.

Nurses can access patient medications 24/7 – even when pharmacists are not on duty – while protecting drugs and supplies from unauthorized access. By integrating with your operations software, medication costs are captured immediately upon dispensing, streamlining operations and ensuring reimbursement.

Get the affordable, “just right” solution for your facility from Metro's *medDISPENSE* Series.
