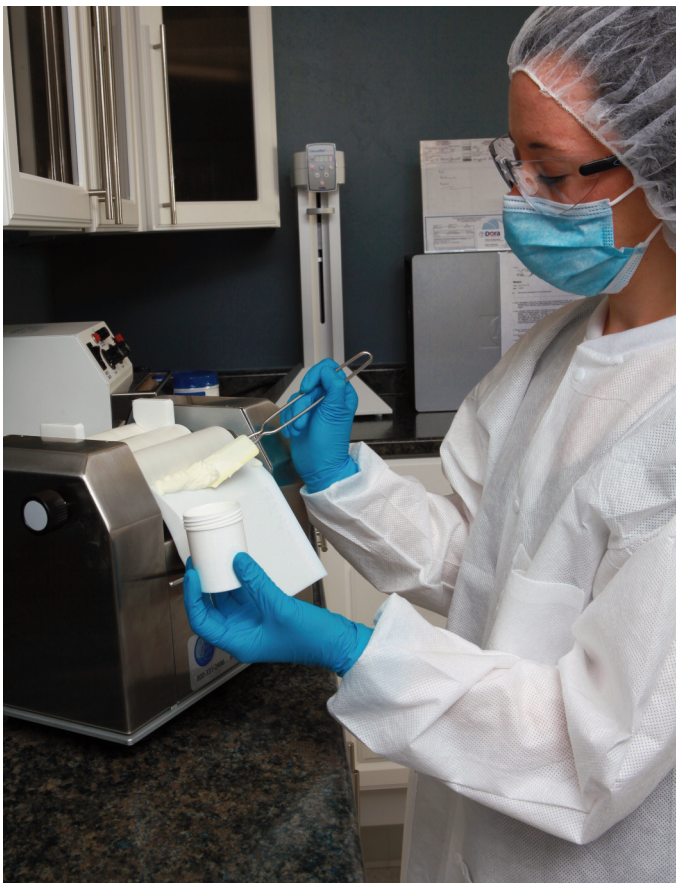
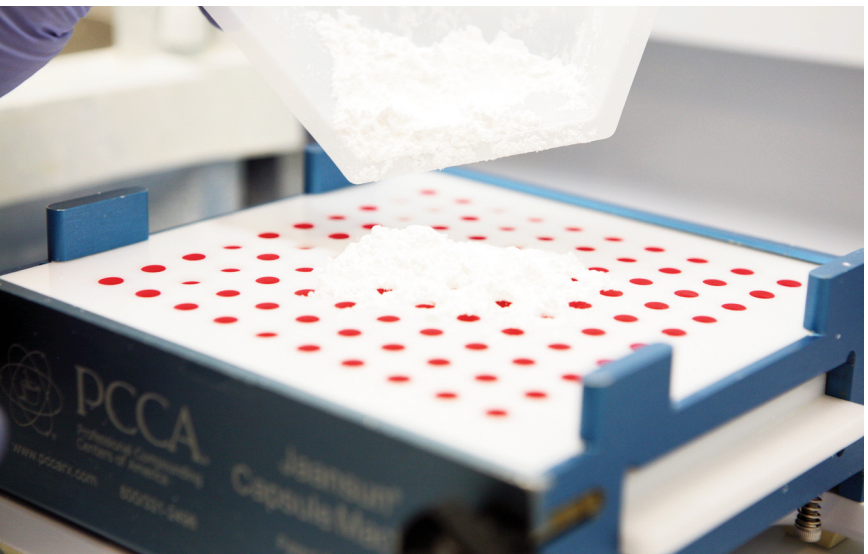
THE LEADER IN COMPOUNDING TRAINING RESOURCES



PCCA provides the highest quality educational programming available in the profession. From pediatric preparations to pain management, compounding pharmacists have benefitted from our knowledge and resources that help provide personalized solutions for patients with medication challenges.

For more information, call 800.331.2498 or visit www.pccarx.com. PCCA Members – go to the Members-only Website for more information.



PCCA

Celebrating 30 Years

PCCA is a complete resource for high-quality fine chemicals, equipment, accredited training and education, facility workflow and design, as well as pharmacy, management and marketing consultation necessary for a successful compounding practice.
