

32 million more lives covered in 2014.

"The ROI is very good and the products are good quality."

"The customer service from ScriptPro, keeping it up-to-date, is the key to its longevity."

Telepharmacy

Must cut labor costs.

"[ScriptPro] far exceeds any product or service I have used or seen within my practice of pharmacy."

Free up pharmacist time.

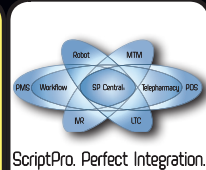

"The quality is everything you promised it would be."

Healthcare reform is unknown territory.

Who is going to pay for this?

"Our SP 200 runs as well today as it did 10 years ago because the ScriptPro technicians are the best in the industry."

"The system has been a godsend to us in terms of reducing the risks of medical errors and improving our productivity."

Insurance companies are recognizing importance of R.Ph. counseling

I don't want any more surprises.

"The SP 200 changed the way we do pharmacy. The speed and accuracy of the robot has saved both pharmacist and technician time."

"Looking back 11 years ago, getting a ScriptPro robot and later SP Central Workflow, was definitely a worthwhile investment."

"The robot has been helping us every day since installation in 1997, counting and filling prescriptions."

"Our SP 200 runs as well today as it did 10 years ago because the ScriptPro technicians are the best in the industry."

Shortage of physicians predicted.

"No more frantic searching for prescriptions. With SP Central Workflow it's very simple to find a prescription."

Accessible and trusted professional = pharmacist

"I just can't imagine any pharmacy not having ScriptPro."

A tech or pharmacist shouldn't be doing something that a robot can do.

Pharmacists will be even more important.

"I highly recommend ScriptPro. It'll probably add ten years to my life!"

"Our prescription rate is still growing by 10% each year, but now we are able to use our people for professional tasks and use our robots for technical tasks."

What is D.0???

Position the pharmacist closer to the customer.

D.0 - coming 1/1/12

"The SP 200 and SP Central Workflow are easy to use and I can't imagine what more you could want."

This Is Your World

We can help. Challenges in pharmacy are nothing new, but you're facing an abundance of them right now. It's time to consider automation. Thousands of pharmacists partner with ScriptPro technology to help take care of their business. Our **Perfect Integration** provides a solid ROI and frees up valuable pharmacist time. Call us today to see how ScriptPro can help you.

"We're getting our second robot and adding SP Central Workflow to bring tracking and safety to all our prescriptions."

"We looked at a few systems and hands down, I'd not seen any technology that comes close to ScriptPro's."

MTM must be tied to workflow

Should I hire more people?

O-T-C business is up.

"Clearly ... patient safety is the biggest reason for us to have ScriptPro technology in here."

"During the past seven years, we've used the SP 200 to get greater throughput with the same staff and been able to handle the growth."

"Having the safety features of the robot and SP Central Workflow has increased our accuracy."

"The positive impact of ScriptPro's robotic and workflow technology is measurable."

"The SP 100 has done everything we thought it would do to free up my time."

SYSTEMS

"No more doubts at the end of the day."

How many people are noncompliant?

Technology ties everything together.

"We push our SP 200 very hard, often running it 24 hours a day."

Patients want information.
