

Business Model Analytics

Focus on your patients

“ScriptPro is above the technology curve.”

SYSTEMS

“I will never work in a pharmacy without ScriptPro again.”

Third Party Management System

Best in KLAS 2011 SP Central Pharmacy Management System

“My script volume has gone up but I have kept my staffing level the same.”

“What it (SP 200) can do is operate all day without making fatigue errors.”

Foreign languages supported

Telepharmacy for Sterile Room

“The layers of safety in the system are extraordinary.”

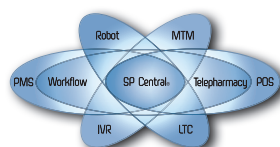

“No more doubts at the end of the day.”

“I highly recommend ScriptPro. It'll probably add ten years to my life!”

“The ROI is very good and the products are good quality.”

“Technology that lasts longer than a decade.”

Telepharmacy to underserved communities

ScriptPro. Perfect Integration.

“I highly recommend ScriptPro. It'll probably add ten years to my life!”

“ScriptPro's support is phenomenal.”

“I just can't imagine any pharmacy not having ScriptPro.”

Perfect Integration

means your systems talk to each other.

ScriptPro started in 1994 with the SP 200 Robotic Prescription Dispensing System. Since then we've developed products to run your entire pharmacy, from point of entry to point of sale. You make one call, one connection, to one company, for all of your technology needs.
