

PREVENT & RELIEVE COMMON SIDE EFFECTS FROM YOUR CHOLESTEROL-LOWERING MEDICATION!

Common Side Effects:

- Muscle Pain & Cramping
- Depression
- Mental Confusion
- Joint Pain
- Liver Damage
- Fatigue
- Numbness & Pain in the Hands & Feet

Cholesterol-lowering medications deplete your body of essential vitamins, nutrients and enzymes, which can cause serious side effects. Statinzyme works by restoring these vitamins, nutrients and enzymes that may be lost while taking cholesterol-lowering medications.

The all-in-one formulation of Statinzyme combines 9 ingredients at optimal dosages. Each enteric-coated serving contains:

- Coenzyme Q10 (150mg)
- B6 (50mg)
- Flaxseed Oil (400mg)
- B12 (250mcg)
- Resveratrol (50mg)
- Natural Vitamin D3 (2000IU)
- Evening Primrose Oil (400mg)
- Folic Acid (800mcg)
- High Potency Fish Oil (1000 mg, 400mg EPA/200mg DHA)

When taken in combination with statins, in addition to aiding in the prevention and relief of side effects, the ingredients in Statinzyme may further reduce the risk of heart attacks and strokes.
