

**WINLAND**<sup>™</sup>  
ELECTRONICS, INC.

## Total Environmental Monitoring Management Using Winland's **Insight**

Winland's **Insight** is an environmental monitoring solution. **Insight** provides text and e-mail alerting, response management, reporting and data logs that ensure regulatory compliance via its automated cloud-based platform.

This **fee based** comprehensive solution enables the fastest resolution possible for:

- Protecting perishable environmental-dependent assets
- Ensuring compliance with storage regulations
- Curbing inventory and labor costs
- Safeguarding business reputation and market position

Manage multiple sensors, users and locations  
all under one account.
