

PharmEd™

Complete Medication Management Education For Your Pharmacy Education Programs

Provide a complete, closed loop for medication management, and educate students how to follow it with **carts, cabinets, EHR, and simulated medication**. Instructors can show how to reconcile, order, fill, and manage medication while also demonstrating how to ensure patient safety.

Pocket Nurse is your One Source One Solution for medication management education. Improve patient safety and prevent medication errors through all phases of the medication management process with Pocket Nurse solutions.
