

Be like Eric -

Change how you do business
with automated will-call.

The RxMedic® Automated Retrieval System (ARS®) helps you, organize, retrieve and return prescriptions to stock. And, it works with most pharmacy management systems.

“RxMedic’s ARS provides peace of mind regarding patient safety not found in other will call systems. It’s helped us utilize the tools in our pharmacy management system better.”

Eric Russo – Director of Clinical Services
at Hobbs Pharmacy in Merritt Island, FL
