At Pharmacists Mutual Insurance Company, we protect not only your pharmacy, but you as well. You're covered no matter where your job takes you, with \$1 million per occurrence and as much as \$3 million aggregate. In our recent study, we found that 75% of claims were related to wrong drug or wrong dose – even with protocols in place. We know mistakes happen. But you've invested too much to become a pharmacist, and now's the time to help safeguard that investment by purchasing **professional liability insurance coverage**. Call us today at 800.247.5930 for more information or apply online at phmic.com.
