

Reach Higher Standards of Care

Humber River Hospital prioritizes quality care delivery through industry-recognized efficiency, accuracy, and safety measures.

Swisslog Healthcare plays a key role in delivering this vision. Our solutions streamline pharmacy operations.

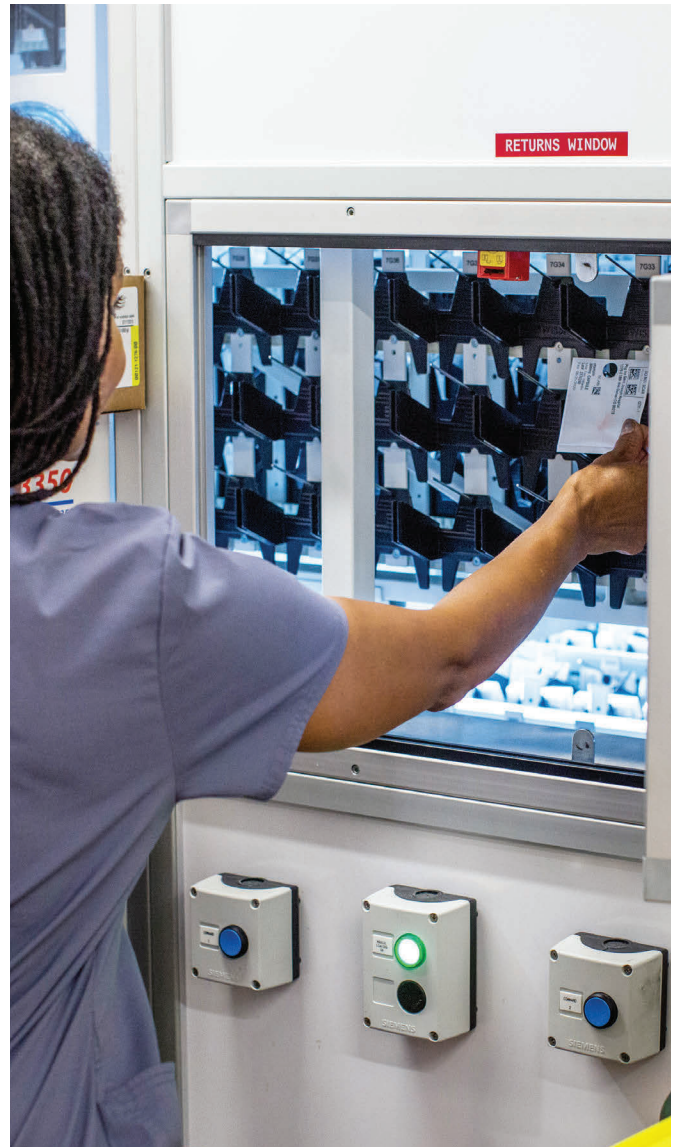

Our **PillPick®** Automated Packaging and Dispensing System and **BoxPicker®** Automated Pharmacy Storage System allowed Humber River Hospital realize:

Reduced

- Medication picking errors by more than 50%
- Pharmacy technician labor to pick and package unit dose medications by more than 30%

Gained

- Pharmacy technician time for medication reconciliation and other direct care activities Increased Inventory control by approximately 30%

Realize your vision.
