

Verity Solutions® is a recognized leader in 340B program optimization and innovator of pharmacy purchasing solutions that drive compliance and savings. Our continually improved products and commitment to client satisfaction mean you can dedicate less time to program administration and more focus on patients.

Split Billing

Optimize savings on qualified transactions.

VERISAVE®

Automatically selects the best priced drug before order is placed.

Contract Pharmacy

Extend 340B savings through retail chain and independent pharmacies.

Specialty Contract Pharmacy

Leverage our preferred Specialty and Infusion partnerships.

Own Use Program*

Automated replenishment solution that simplifies owned outpatient pharmacy program management and improves savings.

Referral Capture

Boost 340B savings with our no risk tools and support services.

Direct Replenishment

Restore access to eligible 340B claims.

VHUB® Gateway Solution

Consolidate 340B ordering, reporting and financial functions across multiple third party administrator (TPA) relationships.

Innovative. Agile. Authentic.
Results you can believe in.

*340B program participation not required.
