

Easier Than Ever:

Time and Money Savings for Pharmacies

On average, pharmacies save **5% or more** on their cost of goods sold with SureCost and **50%** off the time spent managing purchasing and inventory without it.

66

“By using SureCost, we’ve saved about **\$200,000 per month** in the last 4 months across all locations.”

— Josh Miller, Director of Pharmacy, HAC Inc.

SureCost is the Smarter Purchasing Solution™

■ SureCost Purchase Manager™

Purchasing automation helps your pharmacy save time and money, with primary and secondary vendors, manufacturers, GPO and buying group pricing all in one solution, plus Compliance Insights™ aligns purchasing with your vendor agreements.

■ SureCost Inventory Manager™

Inventory automation enhances inventory management and ensures that your pharmacy reduces errors and excess, optimizes stock levels and improves order accuracy. Plus, put the power of Inventory Manager in your pocket with the SureCost Mobile App to scan and track inventory.

■ DSCSA Compliance Packages

Automate the capture, verification and storage of your pharmacy’s DSCSA data, empower your team to drive compliance with your vendors and get 6 years of free electronic data storage.

Without SureCost

Juggling multiple vendors’ catalogs and websites to price shop.

Scrambling to find the exact items to fill out-of-stocks.

Average Daily Time Spent: 2–3 Hours.

With SureCost

Accessing all of your vendors’ pricing and catalogs in one solution.

Easily finding item equivalents, package size, brand/generic, unit of use and dose.

Average Daily Time Spent: 1–1.5 Hours.
Cut time spent on purchasing in half.

Let’s talk. Book a 30-minute meeting with SureCost.

It’s time to reach your purchasing and inventory goals with one single, simple and powerful smarter purchasing solution.
