

# Offer your customers a life saving service they would expect from their personal pharmacist.

## The Senior Care industry is Booming!

"For elderly people who live alone, becoming incapacitated and unable to get help is a common event, which usually marks the end of their ability to live independently."

— *New England Journal of Medicine*

### How Our Alarms Work

In an emergency, all they have to do is press the wireless alert pendant.

Live care specialists will talk over the 2-way voice base unit.

We'll send help fast: police, fire, ambulance – whatever is needed.

**INSTANT CONNECTION TO EMERGENCY MEDICAL CARE 24/7**

## THE EASY, NON-INVENTORY PROGRAM

This program is a no cost, no inventory, no stocking, no shipping, no payables, no headaches and a **no stress program**. All handled for you by a 30 year old company with one million satisfied customers over the years.

"I'm never alone with LIFEWATCH."  
— Dick Van Patten
