Company Background

■ Strong as steel for over 50 years!

Uniweb, Inc. has manufactured and sourced products in the USA for over 50 years. Our products are designed to last, with fewer components and tight tolerances that ensure durability. They are fire-resistant and exceed stringent U.L. standards. Thanks to our domestic manufacturing, we can deliver these high-quality products in a matter of weeks, not months. We manufacture all-steel pharmacy systems, softened with unlimited choices of millwork décor and fabric panels. And Uniweb *will never rip or tear!*

Product Overview

■ Uniweb is the Multi-Tool of the Fixturing Industry

Uniweb provides diverse, versatile, and modular solutions utilizing every inch of space with flexible configurations, RX storage bays, and accessories. Whether it's new construction or renovations, Uniweb offers a comprehensive line of fixture solutions:

- Complete Modular Rooms
- Clean-Line Wall Storage Panels and End Caps
- Consultation and Health Clinic Spaces
- Will Call, Check-Out, and Queuing Systems
- Workstations, Countertops, and Under-Counter Accessories
- Locking Cabinets
- Gondolas, OTC Systems, General Merchandising, and POP Displays
- And So Much More

Why Use Uniweb Systems?

Uniweb offers a host of products for retailers looking to develop their space without any dramatic increase in footprint allocation. The walls, counters, cabinets, shelving, and accessories furnish infinite versatility while allowing you to design and equip your space for expandability and appearance at an affordable price.

As a highlight, Uniweb RX Bay Systems do not have a break in between and behind bays, but instead maintains continuous inventory shelving. The removable 16-inch trays are easy to adjust. Pharmacy staff does not need to remove drugs from the tray when repositioning and trays can be positioned on the panel to accommodate the tallest bottle so there is little or no wasted space. This system will increase product storage by a minimum of 17-25% and, in some cases, by as much as 50%.

Beyond The Pharmacy

Looking to give your store a fresh new look? Uniweb's Retrofit Crew can help! Our retrofit options allow you to increase product facings without changing your existing fixtures.

- **Variety Panel:** Continuous channels and no upright interruptions. This all-steel merchandiser increases product facings by 17% or more! Easy to install. Attach appropriate brackets and insert them into your existing upright unit.
- **Allied Panel:** Short insert hooks welded onto the panel frame allow panels to lock into existing uprights easily. Panels may also extend beyond gondola height, creating additional merchandising space.
- **Insert Panel:** Replaces torn and inefficient pegboard. Simply remove the pegboard and insert Uniweb into existing store uprights, permitting the use of existing shelving.

Pushing density to the limit.

Markets Served

We serve pharmacy, hospital, clinic, retail, point-of-sale, and OTC.
