Wolters Kluwer

### Company Background

Wolters Kluwer provides trusted clinical technology and evidence-based solutions that engage clinicians, patients, researchers, and the next generation of healthcare providers. More than 6.5 million clinicians use Wolters Kluwer's expert solutions to reduce the variability that stands in the way of effective care around the world. Solutions include Senti7 clinical surveillance and Simplifi+ pharmacy compliance to deliver the best knowledge and evidence into the hands of the people who need it most.

### Product Overview

Wolters Kluwer's clinical surveillance and compliance applications are deployed on a single platform for easy integration with EHRs or into existing workflows, minimizing the impact on resource-strapped IT and clinical teams. Customers can scale and standardize programs for maximum impact on patient safety, quality care measures, and financial performance.

#### ■ Simplifi+ Pharmacy Compliance

- **Simplifi 797<sup>®</sup>:** Ensure USP Chapters 795, 797, and 800 compliance with confidence.
- **Simplifi+ IV Workflow:** Streamline USP compliance and meet all ISMP and THRIV guidelines.
- **Simplifi+ MedTrays:** Standardize the configuration of medication trays and improve inventory oversight.
- **Simplifi+ MedStorage:** Improve medication storage compliance outside the pharmacy.

*“Using Simplifi 797 and IV Workflow Management with Assure-Trak helps streamline our compliance efforts and aids our team with both competency instructions and documentation. It also gives pharmacy more control, with less reliance on IT. It just makes sense.”*

— Ryan Brown, PharmD, Pharmacy Manager at Conway Regional Health System

#### ■ Senti7<sup>®</sup> Clinical Surveillance

- **Senti7 Infection Prevention:** Reduce time spent identifying patients at risk for HAIs and access one-click submissions to NHSN.
- **Senti7 Pharmacy with Antimicrobial Stewardship, Opioid Stewardship, and Bayesian dosing:** Sophisticated pharmacy workflows and analytics to optimize medication therapy, patient outcomes, and cost savings. Turnkey regulatory reporting including AUR.

- **Senti7 Drug Diversion:** AI detection of potential drug diversion early and accurately from purchase to patient.

*“Using the Senti7 Drug Diversion solution, my team is in a better position to be proactive in our drug diversion surveillance, ultimately supporting heightened safety across our organization.”*

— Tammy Burns, PharmD, Director of Pharmacy Services, Mary Lanning Healthcare

### Take Your Pharmacy Surveillance and Compliance Programs to the Next Level

#### ■ Help Ensure Compliance

- Simplifi+ IV Workflow, together with Simplifi 797, delivers a complete compounding solution that helps ensure USP compliance, meets all ISMP and THRIV guidelines, and includes policies, procedures, tasks, training, continuing education, and competencies.
- Ensure compliance with CDC and The Joint Commission AMS best practices and reporting requirements and The Joint Commission's Pain Management Standards with Senti7 Pharmacy.

#### ■ Save Time in Pharmacy-Tailored Workflows

- Streamline detection and investigation of potential diversion with Senti7 Drug Diversion.
- Access workflows that drive standardization and improve productivity with Senti7 Pharmacy and Simplifi 797 with IV Workflow.
- Delivering policies into pharmacists' workflows saves time and provides quick access to the latest evidence-based guidance with Simplifi + MedStorage and Simplifi + MedTrays.

#### ■ Improve Patient Safety

- Avoid adverse drug events, limit medication errors, and manage opioids and antimicrobials with Senti7 Pharmacy.
- Uncover patterns of potential diversion to intervene earlier with Senti7 Drug Diversion.
- Elevate patient and staff safety by using streamlined real-world workflows, risk management, and quality assurance practices, reporting, policies, procedures, and training with the Simplifi+ compliance suite.

#### ■ Optimize Medication Management

- Optimize the use of high-cost drugs, antimicrobials, and opioids to improve clinical outcomes and reduce costs with Senti7 Pharmacy.
- Improve drug inventory oversight and ease inspections by documenting from anywhere with Simplifi + MedTrays and Simplifi + MedStorage.

*“With Simplifi+ MedTrays, in the world of shortages nowadays, it has been extremely helpful to know what we still have in stock and expiration dates right on a computer screen instead of manually inventorying things ...”*

— Jennie Luter, PharmD, Clinical Pharmacy Coordinator, Southwest Mississippi Regional Medical Center
